SECTION B: TERMS OF REFERENCE

THE APPOINTMENT OF A SERVICE PROVIDER TO CONDUCT A DESIGN FRAMEWORK STUDY OF THE GAUTENG GROWTH AND DEVELOPMENT AGENCY PROGRAMMES

1. INTRODUCTION

- The Gauteng Growth and Development Agency (GGDA) is the implementation arm of the Gauteng Department of Economic Development. GGDA Group is a schedule 3 (c) public subsidiary established in terms of the PFMA and it reports to the Gauteng Department of Economic Development (GDED). The GGDA is entrusted with the mandate to lead, facilitate and manage sustainable job creation and inclusive economic growth and development in the Gauteng City Region through subsidiaries such as AIDC; TIH; GIDZ and Constitution Hill through:

-
- Enabling economic development that is focused on creating sustainable jobs by facilitating the focused delivery of key national and provincial programs of action.
- Strategically positioning the Province into a Globally Competitive City Region.
- Facilitating partnerships and create linkages across the Province in order to maximize service delivery outcomes.
- Supporting the development of Key Sectors of Economy in line with established economic and industrial policies of the province.

2. PURPOSE

- The purpose of undertaking the Design Framework Study is to analyze and review certain key interventions outlined in the 2020-2025 Group Strategic Plan and the 2020-21 Annual Performance Plan of the GGDA Group in order to determine if the new interventions are fit for purpose and ready for implementation.

3. BACKGROUND

- The Medium Term Strategic Framework (MTSF) is a high-level strategic document to guide the 5 year implementation and monitoring of the National Development Plan (NDP) 2030. In line with electoral mandate, the MTSF identifies the Priorities to be undertaken during 2019-2024 to put the country on a positive trajectory towards the achievement of the 2030 vision. It sets targets for implementation of the priorities and interventions for the 5 year period, and states the Outcomes and Indicators to be monitored. The new MTSF is now defined as the combination of a NDP Five Year Implementation Plan for the Priorities outlined in the Electoral Mandate and an Integrated Monitoring Framework. The GGDA responds to Priority 1 of the MTSF, that is: Economic Transformation and Job Creation.

The aim and purpose of the Gauteng Growth and Development Agency (GGDA) as the implementation arm of the Gauteng Department of Economic Development (GDED) is to primarily focus on achievement of the GDED's goals related to radical transformation, modernization and re-industrialization of Gauteng's economy. This will be realized through strategically shifting and enhancing the GGDA's approach to its role and function, which is to grow the Gauteng economy through transformation of industries.

In this regard, the GGDA's core tasks are to:

- Grow jobs (create or enable);
- Develop skills;
- Develop innovative enterprises for sustainable businesses;
- Develop economic infrastructure;
- Increase exports; and
- Increase foreign and domestic direct investment.

4. GGDA MANDATE

-

4.1. Objective:

-To provide specialized and focused competence for the Gauteng Province to implement its economic development goals. It will optimize efficiency as a “single strategically coherent and integrated institution” (Business Case 2011).

4.2. Strategic Mandate – as implementing arm of DED:

- Grow the economy by positioning Gauteng as a Globally Competitive City Region - strategically locating it as a lead in regional and global economies.
- Implement key priority projects and programs of the Province and to provide thought leadership in implementing such projects and programs.
- Support for the development of key sectors of the economy in line with the conventional economic and industrial policies of the Province. Key to this is the facilitation of trade and investment; and increased strategic economic infrastructure
- Ensuring that key Provincial Strategies are supported in a manner that ensures success of those strategies.

5. DELIBERATIONS

-

The GGDA and its subsidiaries recently undertook a process to review/develop the new 5-Year Strategic Plan as a direct result of the new Sixth Administration. The Group is in the process of finalizing the new Strategic Plan as well as the 2020-21 Annual Performance Plan, following a series of Strategic Planning Sessions. Part of this was the Board Strategic Planning Session which was convened with the intention of clarifying and charting the strategic direction of the Group for the medium term. During these sessions, the 2020-2025 Strategic Plans as well 2020-21 Annual Performance Plans were discussed in great length with commitments being made by the Executives.

Post the Strategic Planning Sessions, plans were crafted and submitted to the respective Subsidiary Boards, the Group Board and finally to the Gauteng Department of Economic Development (i.e. the Shareholder). These plans took into account the newly Revised Framework for Strategic Plans and Annual Performance Plans from the Department of Planning, Monitoring and Evaluation (DPME). The planning principles implemented through this framework aim to (amongst others) focus the planning approach towards achieving results i.e. results-based planning. The final plans will be submitted to the GDED by end February 2020 for implementation from April 2020.

Before implementation of these plans, it is imperative that certain key interventions outlined in the 2020-2025 Group Strategic Plan and the 2020-21 Annual Performance Plan of the GGDA Group be analyzed and reviewed in order to determine if these new interventions are fit for purpose and ready for implementation.

6. OBJECTIVES OF THE EXERCISE

-

To analyze and review certain key interventions outlined in the 2020-2025 Group Strategic Plan and the 2020-21 Annual Performance Plan of the GGDA Group in order to determine if the new interventions are fit for purpose and ready for implementation.

The purpose of this type of the Design Framework is to address 3 standards encompassed in the following questions:

- Are the objectives well defined so that outcomes can be stated in measurable terms?
- Is there a coherent and credible implementation plan that provides clear evidence of how implementation is to proceed and how successful implementation can be distinguished from poor implementation?
- Is the rationale for the deployment of resources clear and commensurate with the requirements for achieving the stated outcomes?

To do this, the proposed process should leverage off supporting platforms such as:

- Engagement with key stakeholders to deepen insight into the proposed interventions

- Previous Strategic and Annual Performance Plans as well as Annual Reports to gain insight into previous plans of the Group and the outcomes thereof which would support/not support the need for new interventions

7. PROJECT DESCRIPTION AND SCOPE OF WORK

What is to be evaluated?

7.1 PROJECT:

7.1.1 Special Economic Zones (SEZ's)

These are inclusive of:

- Auto SEZ
- Centurion Aerospace Village (CAV)
- SEDA Automotive Technology Centre (SATEC)
- High-tech advanced manufacturing SEZ
- Springs Platinum Group Metals (PGM) SEZ

7.1.2 New Electric Vehicle (EV) charging stations

7.1.3 Automotive disassembly Hub for Africa (ADH)

7.1.4 Chamdor Automotive Hub

7.1.5 Smart Industry Centre

7.1.6 African Silicon Valley

7.1.7 Export one-stop shop

7.1.8 Research and Business Intelligence offerings

7.1.9 Government Fleet (G-fleet) maintenance and repairs strategy at Winterveld Enterprise Hub (WEH)

7.1.10 Gauteng Air Access Initiative

7.2 PROJECT DESCRIPTION

7.2.1 Special Economic Zones (SEZ's)

a. TSHWANE AUTOMOTIVE SEZ - AIDC

On behalf of the Gauteng provincial government, the AIDC will deliver and operate Africa's first automotive city project. Together with Ford Motor Company of Southern Africa, the AIDC developed a mixed-use spatial development plan over the SEZ's 162 ha, with a design focus on it being a productive, living and green city. Eighteen companies have confirmed occupancy and nine have already confirmed plans to set up facilities by January 2021.

The AIDC is the designated operator of the Tshwane automotive SEZ and is responsible for the implementation of the project from the design to operational phase. The automotive SEZ's total production impact will be R43.8-billion during construction. The first phase of Tshwane Automotive SEZ is scheduled to be completed by the end of 2020.

The Tshwane Automotive SEZ seeks to promote regional economic development and create decent work, as well as economic and social benefits for Tshwane North. The first phase of the developed alone will create 6 700 direct jobs

b. CENTURION AEROSPACE VILLAGE (CAV) - HOLDINGS

The CAV is an initiative of the Department of Trade and Industry (the dti) in developing a sustainable Industrial Supplier Park to support South Africa as a Global Player in the Aerospace and Defence Industries' value chains thereby attracting foreign & domestic direct investment in the CAV.

CAV is an intended Hi-Tech Advanced Manufacturing Cluster with maintenance, repair, overhaul (MRO), innovation and R&D capabilities aimed at attracting and retaining key industry leaders as anchor tenants and service providers.

The aerospace and defence industries have always been important contributors to the national, Gauteng provincial and local Tshwane economies. CAV supports the industries through economies of scale and agglomeration, improved processes, increased productivity and cost competitiveness of local manufacturers. Facilities and services would promote, develop and mentor SMEs & B-BBEEs, create business opportunities in the area and benefit communities by supporting job creation and strengthening the industries in general.

c. SEDA AUTOMOTIVE TECHNOLOGY CENTRE (SATEC) - AIDC

Seda Automotive Technology Centre (SATEC) is a Section 21 company functioning as a business incubator for the Automotive Sector and offers entrepreneurs in the sector an environment which nurtures the development of their business to the point of sustainability. It aims to stimulate the participation of SMME's (Small Micro and Medium Enterprises, both formal and informal) and emerging suppliers in the automotive supply chain. Through the process of enterprise creation, support and development, the Centre offers a one stop service support system to start-up companies and entrepreneurs seeking to become suppliers of products and services to the Automotive Sector.

SATEC operates from Rosslyn industrial side, Pretoria, offering modern workspace, conference and training facilities and connection to the latest ICT infrastructure. It also aims to provide access to markets and a range of business support services at subsidized rates.

The Department of Trade and Industry, the dti, has taken the lead in advancing the concept of incubation as a means of enabling SMME's to participate in economic development and in support of incubation and improvement of the automotive industry competitiveness, the dti, through the Seda Technology Programme (stp), provided initial funding for the establishment and operation of SATEC.

SATEC has partnered with various organizations such as Retail Motor Industry (RMI), Tshwane University of Technology (TUT), National Association of Automobile Manufacturers of South Africa (NAAMSA), National Association of Automotive Components and Allied Manufacturers (NAACAM), Automotive Industry Development Centre (AIDC) and the dti.

The AIDC is exploring the incorporation of SATEC as part of its industry development intervention - Supplier and Enterprise Development Programme.

d. HIGH-TECH ADVANCED MANUFACTURING SEZ - HOLDINGS

The Gauteng High-Tech advanced manufacturing SEZ is envisaged to host the South Africa/China Science Park. The SEZ will focus on advanced manufacturing in various sectors.

e. SPRINGS PLATINUM GROUP METALS (PGM) SEZ - GIDZ

According to a market assessment and feasibility study done, the SEZ should be a mixed industrial development with fuel cells at the core, broadening to other PGM value-adding activities (including other precious metals, where appropriate), related suppliers, and advanced manufacturing. This will complement the focus of the other GIDZ precincts.

For core fuel cell activities, the focus should to attract firms operating at the start and end of the value chain. The start of the value chain (e.g. catalyst and MEAs) has high PGM content and value-add. Potential target tenants include HyPlat and HySA Systems. The end of value chain – the assembly or customisation of fuel cells – can occur where there is sufficient local/ regional market e.g. combined heat and power or underground mining fuel cell vehicles. Doosan is a potential target tenant. Core fuel cell tenants can attract related component manufacturers which act as suppliers (e.g. metal work, heat exchangers). The site offering also makes it attractive for other advanced manufacturing activities (such as diffusion bonded welding, medical devices, and aerospace) and for other manufacturing sectors where Ekurhuleni has a competitive advantage e.g. transport equipment, mining supplies.

While the focus is on attracting companies involved in manufacturing/ assembly, there is also an opportunity to attract related services (e.g. testing and quality control). These firms can improve the overall offering of the SEZ to potential tenants.

The attractiveness of the SEZ for local companies (commercialising South African IP and expanding existing suppliers) as well as foreign manufacturers will be optimised through:

- SEZ offering (infrastructure, incentives, one-stop shop etc.)
- Benefits through the Impala relationship (e.g. metal leasing, access to infrastructure, access to refinery streams (including outputs from both the base metals and precious metals refineries across PGMs, gold, silver, nickel, copper and cobalt)
- Co-location advantages in relation to other tenants (including supply relationships)
- A well-functioning and productive physical and operating environment

7.2.2 New Electric Vehicle (EV) charging stations - AIDC

In supporting the introduction of Electric Vehicles into Gauteng as an 'EV Friendly' Province to support the green economy, new electric vehicle charging stations will be established in the province – this is all in an effort to make smarter mobility a reality in SA. The AIDC plans to construct ten charging stations around Gauteng in the next two financial years.

7.2.3 Automotive Disassembly Hub for Africa (ADH) – AIDC

The Automotive Disassembly Hub Project will include developing a business case for the setting-up of a disassembly knock-down facility for an export programme into the continent. These will be countries where import taxes/duties are high and have tax incentives for import of disassembly knock-down vehicles for re-assembly in the destination market. The Gauteng Infrastructure Financing Agency (GIFA) funded the Feasibility Study for the development of a disassembly knock-down hub to assist Gauteng-based Original Equipment Manufacturers (OEMs) with their export programmes into the continent.

7.2.4 Chamdor Automotive Hub – AIDC

The aim of the project is to train and mentor SMMEs from Chamdor in the West Rand (Mogale City) to enable them to grow their businesses into entities that hold the requisite accreditation for insured vehicle repairs.

7.2.5 Smart Industries Centre - TIH

Smart industries refer to the vast expertise and skills required to design, manufacture, adapt and innovate new or existing equipment to meet a specific need in traditional industries, such as mining and agriculture. These industries have over time generated a large pool of high-tech skills which today underpin their successes locally and internationally.

PURPOSE

The purpose of the center is to provide suitable infrastructure and a comprehensive technical offering to innovators/entrepreneurs in support of the development of new enterprises to grow inclusivity and competitiveness in the digital economy

OBJECTIVES

- Accelerate time-to-market
- Product development
- Enterprise development
- Position start-ups for offtake agreements
- Position start-ups for bigger investment for scale-up
- Digital skills development
- Support industrial innovation

OUTCOMES/IMPACTS

- Commercialized innovations
- Black-owned enterprises
- Job creation & retention
- Growth in digital skills
- Competitiveness
- Localization of component manufacturing
- Increased exports

ENVISAGED OFFERINGS OF THE CENTRE

- Design; Simulation; Product development; Testing; Prototyping; Enterprise development; Training and Consulting

PRIORITY COMPONENTS

- Incubation facilities
- ICT Product Development Lab
- Additive Manufacturing Lab
- Small-scale Manufacturing Facility

EXISTING COMPONENTS

- Incubation Programmes
- Entrepreneurs with digital solutions
- Prototyping equipment
- In-house technical expertise

7.2.6 African Silicon Valley – TIH

The Innovation Hub will move beyond the implementation of the Incubation Programme and identify other innovation programs to be implemented. The establishment of the Innovation District is central to this in which TIHMC will engage with certain stakeholders and establish formal linkages to establish such a district. This will invariably lead to collaboration and partnership efforts of the establishment of the greater Gauteng Regional Innovation System (GRIS).

This will in turn be the building block for the conceptualization of the African Silicon Valley which TIHMC is aspiring to become in the medium to long term. The infrastructure and the offerings of the Gauteng Innovation Hub will be expanded in order to revive and grow it into Africa's Silicon Valley that will drive the development of Gauteng's digital economy.

7.2.7 Export one-stop shop (OSS) - Holdings

In attempting to draw benefits from the envisaged implementation of the Africa Continental Free Trade Agreement (AfCFTA), the dti has mandated the GGDA to transform its Strategic Export Promotion Unit within the TIRE Division into the ExportSA – which will be an equivalent of InvestSA. This will become a national pilot which is resourcefully capacitated by both the GGDA and the DTI – with the ultimate aim of rolling out the model to a few provinces. The outputs will be:

- To identify and engage with companies and markets to increase global trade activities for local established and emerging export companies;
- To mobilize local companies to participate in export readiness programs;
- To identify and engage with local firms seeking to expand operations on the continent
- To identify infrastructure development opportunities for local companies through trade missions and structured engagement with partners from within the continent.

The benefits of the Export OSS should not only be confined to AfCFTA but should enable Gauteng enterprises to effectively expand their trade foot print to other key/prioritized trade blocs.

Partnerships are key to the success of the OSS - over and above the dti, relevant entities like Export Credit Insurance Corporation (ECIC), South African Bureau of Standards (SABS), African Export-import Bank (Afreximbank) and international trade entities etc. are key to providing services in the value chain.

7.2.8 Research & Business Intelligence offerings - Holdings

The Business Intelligence Unit of the GGDA's primary output is to improve the GGDA and the province's ability to conceptualize and implement targeted initiatives that will grow the key sectors and sub-sectors of the economy and accelerate inclusive economic growth. The unit develops information and products that drive the GGDA strategy and projects. It plays a key role in positioning the GGDA as a market thought leader, and focus on influencing and informing the broader economic development strategy across the province.

Its core functions include:

- Provide research-based information to support planning, decision making and optimal resource utilization in respect of radical economic transformation and re-industrialization interventions;
- Strategic Projects that contribute to spatial economic transformation; and
- Knowledge management.

The unit seeks to be the leading source of economic and market intelligence to ensure that the GGDA Group and the Provincial Ecosystem have adequate information to address all socio-economic challenges faced by the citizens of Gauteng.

7.2.9 Government Fleet (G-fleet) maintenance and repairs strategy at Winterveld Enterprise Hub (WEH)

The Winterveld Enterprise Hub plays a pivotal role in up-skilling individuals and supporting the growth of local SMMEs. The purpose of the hub is to expose the local SMME's to modern auto body repair equipment and methodology while formalising and developing their businesses by facilitating economic transformation within this area. The hub is part government's bid to revitalise township economy.

The Township Hub Management is in the process of finalising a Memorandum of Agreement with the City of Tshwane on government fleet (G-fleet) supply to the programme, the memorandum of agreement has been submitted to the City of Tshwane for signature. The project aims to increase earning capacity of the SMMEs working from the facility.

7.2.10 Gauteng Air Access Initiative - Holdings

The Gauteng Air Access Initiative in collaboration with the Airports Company of South Africa (ACSA) seeks to enhance air service connectivity between global gateways and the Gauteng City Region (GCR). The initiative will promote and improve Gauteng's global competitiveness by stimulating air travel, and linking under-served markets. The purpose of the initiative is to improve flow of investment, high value trade through air cargo, and tourism to the GCR. Similar initiatives already exist within WESGRO and TIKZN that have seen the inclusion of major flights into those provinces.

8. COSTING

Proposed bid price and detailed breakdown of costs is needed.

9. METHODOLOGY AND APPROACH

A Design Framework methodology and approach is hereby proposed or is envisaged and must also incorporate the Theory of Change

10. EXPECTATIONS/DELIVERABLES

- A comprehensive Design Framework Study Report for each project for which a bid proposal is submitted
- An Executive Summary of the report for each project
- Detailed project roll-out plan for each project
- Final report presentation for each project

11. PROJECT MANAGEMENT PROCESS

Each project should be assigned a dedicated project manager. The details of the processes, timeframes and deliverables will again be outlined in a service level agreement that will be signed with the successful bidder. When deadlines are set, it will be expected of service providers to deliver the required services in a set timeframe, provided that such instructions are issued on time

12. REPORTING REQUIREMENTS

The successful service provider will provide written reports to the Project Coordinator of the GGDA. Status reports will be provided to the GGDA. The successful service provider may be required at any given time be required to attend progress meetings at GGDA to provide progress reports and clarify issues that may arise.

13. DURATION

The above project/process is estimated to take 3-6 months

14. BID EVALUATION CRITERIA

In line with Preferential Procurement Regulation 2017 (PPR2017), the evaluation of responsive Tender offers shall be on the **80/20**-point preference system, being a maximum of 80 points for price and a maximum of 20 points for B-BBEE Status level of Contributor substantiated by the Broad-Based Black Economic Empowerment Status Level Certificate to be submitted in accordance with Regulation 10 of the Preferential Procurement Regulations, 2017 (As Amended).

The procedure for the evaluation of responsive tenders will be as follows: -

1st on Functionality

2nd on Price & BBBEE (for bidders who met the minimum required functionality points of 70)

FUNCTIONALITY / QUALITY CRITERIA		Maximum Points	Point Scored

**B2: THE NATIONAL INDUSTRIAL PARTICIPATION PROGRAMME
(CHOOSE ONLY IF APPLICABLE)**

This document must be signed and submitted together with your bid

INTRODUCTION

The National Industrial Participation (NIP) Programme, which is applicable to all government procurement contracts that have an imported content, became effective on the 1 September 1996. The NIP policy and guidelines were fully endorsed by Cabinet on 30 April 1997. In terms of the Cabinet decision, all state and parastatal purchases / lease contracts (for goods, works and services) entered into after this date, are subject to the NIP requirements. NIP is obligatory and therefore must be complied with. The Industrial Participation Secretariat (IPS) of the Department of Trade and Industry (DTI) is charged with the responsibility of administering the programme.

1 PILLARS OF THE PROGRAMME

- 1.1 The NIP obligation is benchmarked on the imported content of the contract. Any contract having an imported content equal to or exceeding US\$ 10 million or other currency equivalent to US\$ 10 million will have a NIP obligation. This threshold of US\$ 10 million can be reached as follows:
- a) Any single contract with imported content exceeding US\$10 million. Or
 - b) Multiple contracts for the same goods, works or services each with imported content exceeding US\$3 million awarded to one seller over a 2 year period which in total exceeds US\$10 million. Or
 - c) A contract with a renewable option clause, where should the option be exercised the total value of the imported content will exceed US\$10 million or
 - d) Multiple suppliers of the same goods, works or services under the same contract, where the value of the imported content of each allocation is equal to or exceeds US\$ 3 million worth of goods, works or services to the same government institution, which in total over a two (2) year period exceeds US\$10 million.
- 1.2 The NIP obligation applicable to suppliers in respect of sub-paragraphs 1.1 (a) to 1.1 (c) above will amount to 30 % of the imported content whilst suppliers in respect of paragraph 1.1 (d) shall incur 30% of the total NIP obligation on a pro-rata basis.
- 1.3 To satisfy the NIP obligation, the DTI would negotiate and conclude agreements such as investments, joint ventures, sub-contracting, licensee production, export promotion, sourcing arrangements and research and development (R&D) with partners or suppliers.
- 1.4 A period of seven years has been identified as the time frame within which to discharge the obligation.
- ### 2 REQUIREMENTS OF THE DEPARTMENT OF TRADE AND INDUSTRY
- 2.1 In order to ensure effective implementation of the programme, successful bidders (contractors) are required to, immediately after the award of a contract that is in excess of R10 million (ten million Rands), submit details of such a contract to the DTI for reporting purposes.

2.2 The purpose for reporting details of contracts in excess of the amount of R10 million (ten million Rands) is to cater for multiple contracts for the same goods, works or services; renewable contracts and multiple suppliers for the same goods, works or services under the same contract as provided for in paragraphs 1.1.(b) to 1.1. (d) above.

3 BID SUBMISSION AND CONTRACT REPORTING REQUIREMENTS OF BIDDERS AND SUCCESSFUL BIDDERS (CONTRACTORS)

3.1 Bidders are required to sign and submit this Standard Bidding Document (SBD 5) together with the bid on the closing date and time.

3.2 In order to accommodate multiple contracts for the same goods, works or services; renewable contracts and multiple suppliers for the same goods, works or services under the same contract as indicated in sub-paragraphs 1.1 (b) to 1.1 (d) above and to enable the DTI in determining the NIP obligation, successful bidders (contractors) are required, immediately after being officially notified about any successful bid with a value in excess of R10 million (ten million Rands), to contact and furnish the DTI with the following information:

- Bid / contract number.
- Description of the goods, works or services.
- Date on which the contract was accepted.
- Name, address and contact details of the government institution.
- Value of the contract.
- Imported content of the contract, if possible.

3.3 The information required in paragraph 3.2 above must be sent to the Department of Trade and Industry, Private Bag X 84, Pretoria, 0001 for the attention of Mr Elias Malapane within five (5) working days after award of the contract. Mr Malapane may be contacted on telephone (012) 394 1401, facsimile (012) 394 2401 or e-mail at Elias@thedti.gov.za for further details about the programme.

4 PROCESS TO SATISFY THE NIP OBLIGATION

4.1 Once the successful bidder (contractor) has made contact with and furnished the DTI with the information required, the following steps will be followed:

- (a) the contractor and the DTI will determine the NIP obligation;
- (b) the contractor and the DTI will sign the NIP obligation agreement;
- (c) the contractor will submit a performance guarantee to the DTI;
- (d) the contractor will submit a business concept for consideration and approval by the DTI;
- (e) upon approval of the business concept by the DTI, the contractor will submit detailed business plans outlining the business concepts;
- (f) the contractor will implement the business plans; and
- (g) the contractor will submit bi-annual progress reports on approved plans to the DTI.

4.2 The NIP obligation agreement is between the DTI and the successful bidder (contractor) and, therefore, does not involve the purchasing institution.

DECLARATION CERTIFICATE FOR LOCAL PRODUCTION AND CONTENT FOR DESIGNATED SECTORS

This Standard Bidding Document (SBD) must form part of all bids invited. It contains general information and serves as a declaration form for local content (local production and local content are used interchangeably).

Before completing this declaration, bidders must study the General Conditions, Definitions, Directives applicable in respect of Local Content as prescribed in the Preferential Procurement Regulations, 2017, the South African Bureau of Standards (SABS) approved technical specification number SATS 1286:2011 (Edition 1) and the Guidance on the Calculation of Local Content together with the Local Content Declaration Templates [Annex C (Local Content Declaration: Summary Schedule), D (Imported Content Declaration: Supporting Schedule to Annex C) and E (Local Content Declaration: Supporting Schedule to Annex C)].

1. General Conditions

- 1.1. Preferential Procurement Regulations, 2017 (Regulation 8) make provision for the promotion of local production and content.
- 1.2. Regulation 8.(2) prescribes that in the case of designated sectors, organs of state must advertise such tenders with the specific bidding condition that only locally produced or manufactured goods, with a stipulated minimum threshold for local production and content will be considered.
- 1.3. Where necessary, for tenders referred to in paragraph 1.2 above, a two stage bidding process may be followed, where the first stage involves a minimum threshold for local production and content and the second stage price and B-BBEE.
- 1.4. A person awarded a contract in relation to a designated sector, may not sub-contract in such a manner that the local production and content of the overall value of the contract is reduced to below the stipulated minimum threshold.
- 1.5. The local content (LC) expressed as a percentage of the bid price must be calculated in accordance with the SABS approved technical specification number SATS 1286: 2011 as follows:

$$LC = [1 - x / y] * 100$$

Where

x is the imported content in Rand

y is the bid price in Rand excluding value added tax (VAT)

Prices referred to in the determination of x must be converted to Rand (ZAR) by using the exchange rate published by South African Reserve Bank (SARB) at 12:00 on the date of advertisement of the bid as indicated in paragraph 4.1 below.

The SABS approved technical specification number SATS 1286:2011 is accessible on [http://www.thedti.gov.za/industrial development/ip.jsp](http://www.thedti.gov.za/industrial%20development/ip.jsp) at no cost.

LOCAL CONTENT DECLARATION BY CHIEF FINANCIAL OFFICER OR OTHER LEGALLY RESPONSIBLE PERSON NOMINATED IN WRITING BY THE CHIEF EXECUTIVE OR SENIOR MEMBER/PERSON WITH MANAGEMENT RESPONSIBILITY (CLOSE CORPORATION, PARTNERSHIP OR INDIVIDUAL)

IN RESPECT OF BID NO.

ISSUED BY: (Procurement Authority / Name of Institution):

NB

- 1 The obligation to complete, duly sign and submit this declaration cannot be transferred to an external authorized representative, auditor or any other third party acting on behalf of the bidder.
- 2 Guidance on the Calculation of Local Content together with Local Content Declaration Templates (Annex C, D and E) is accessible on http://www.thdti.gov.za/industrial_development/ip.jsp. Bidders should first complete Declaration D. After completing Declaration D, bidders should complete Declaration E and then consolidate the information on Declaration C. **Declaration C should be submitted with the bid documentation at the closing date and time of the bid in order to substantiate the declaration made in paragraph (c) below.** Declarations D and E should be kept by the bidders for verification purposes for a period of at least 5 years. The successful bidder is required to continuously update Declarations C, D and E with the actual values for the duration of the contract.

I, the undersigned, **(full names),**

do hereby declare, in my capacity as

of**(name of bidder entity), the following:**

- (a) The facts contained herein are within my own personal knowledge.
- (b) I have satisfied myself that:
 - (i) the goods/services/works to be delivered in terms of the above-specified bid comply with the minimum local content requirements as specified in the bid, and as measured in terms of SATS 1286:2011; and
- (c) The local content percentage (%) indicated below has been calculated using the formula given in clause 3 of SATS 1286:2011, the rates of exchange indicated in paragraph 4.1 above and the information contained in Declaration D and E which has been consolidated in Declaration C:

Bid price, excluding VAT (y)	R
Imported content (x), as calculated in terms of SATS 1286:2011	R
Stipulated minimum threshold for local content (paragraph 3 above)	
Local content %, as calculated in terms of SATS 1286:2011	

If the bid is for more than one product, the local content percentages for each product contained in Declaration C shall be used instead of the table above.

The local content percentages for each product has been calculated using the formula given in clause 3 of SATS 1286:2011, the rates of exchange indicated in paragraph 4.1 above and the information contained in Declaration D and E.

- (d) I accept that the Procurement Authority / Institution has the right to request that the local content be verified in terms of the requirements of SATS 1286:2011.
- (e) I understand that the awarding of the bid is dependent on the accuracy of the information furnished in this application. I also understand that the submission of incorrect data, or data that are not verifiable as described in SATS 1286:2011, may result in the Procurement Authority / Institution imposing any or all of the remedies as provided for in Regulation 14 of the Preferential Procurement Regulations, 2017 promulgated under the Preferential Policy Framework Act (PPFA), 2000 (Act No. 5 of 2000).

D2: CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

(Bid Number and Description)

in response to the invitation for the bid made by:

(Name of Institution)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: _____ that:
(Name of Bidder)

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:

- (a) has been requested to submit a bid in response to this bid invitation;
 - (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
 - (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder
6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.
 7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - (a) prices;
 - (b) geographical area where product or service will be rendered (market allocation)

- (c) methods, factors or formulas used to calculate prices;
 - (d) the intention or decision to submit or not to submit, a bid;
 - (e) the submission of a bid which does not meet the specifications and conditions of the bid; or
 - (f) bidding with the intention not to win the bid.
8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
 9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

³ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

- 12.3 The client shall promptly notify the service provider in writing of any claims arising under this warranty.
- 12.4 If the service provider, having been notified, fails to remedy the defect(s) within the period specified in SCC, the client may proceed to take such remedial action as may be necessary, at the service provider's risk and expense and without prejudice to any other rights which the client may have against the service provider under the contract.

13. Payment

- 13.1 The method and conditions of payment to be made to the service provider under this contract shall be specified in SCC.
- 13.2 The service provider shall furnish the client with an invoice accompanied by a copy of the delivery note and upon fulfillment of other obligations stipulated in the contract.

- 13.3 Payments shall be made promptly by the client, but in no case later than thirty (30) days after submission of an invoice or claim by the service provider.
- 13.4 Payment will be made in South African Rand unless otherwise stipulated in SCC.
- 14. Prices**
- 14.1 Prices charged by the service provider for services performed under the contract shall not vary from the prices quoted by the service provider in his bid, with the exception of any price adjustments authorized in SCC or in the client's request for bid validity extension, as the case may be.
- 15. Contract amendments**
- 15.1 No variation in or modification of the terms of the contract shall be made except by written amendment signed by the parties concerned.
- 16. Assignment**
- 16.1 The service provider shall not assign, in whole or in part, its obligations to perform under the contract, except with the client's prior written consent.
- 17. Subcontracts**
- 17.1 The service provider shall notify the client in writing of all subcontracts awarded under this contracts if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the service provider from any liability or obligation under the contract.
- 18. Delays in the service provider's performance**
- 18.1 Performance of services shall be made by the service provider in accordance with the time schedule prescribed by the client in the contract.
- 18.2 If at any time during performance of the contract, the service provider or its subcontractor(s) should encounter conditions impeding timely performance of services, the service provider shall promptly notify the client in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the service provider's notice, the client shall evaluate the situation and may at his discretion extend the service provider's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract.
- 18.3 No provision in a contract shall be deemed to prohibit the obtaining of supplies or services from a national department, provincial department, or a local authority.
- 18.4 The right is reserved to procure outside of the contract small quantities or to have minor essential services executed if an emergency arises, the service provider's point of supply is not situated at or near the place where the supplies are required, or the service provider's services are not readily available.
- 18.5 Except as provided under GCC Clause 25, a delay by the service provider in the performance of its delivery obligations shall render the service provider liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 21.2 without the application of penalties.

18.6 Upon any delay beyond the delivery period in the case of a supplies contract, the client shall, without cancelling the contract, be entitled to purchase service of a similar quality and up to the same quantity in substitution of the service not rendered in conformity with the contract and to return any service rendered later at the service provider's expense and risk, or to cancel the contract and buy such service as may be required to complete the contract and without prejudice to his other rights, be entitled to claim damages from the service provider.

19. Penalties

19.1 Subject to GCC Clause 25, if the service provider fail to perform services within the period(s) specified in the contract, the client shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the unperformed services using the current prime interest rate calculated for each day of the delay until actual delivery or performance. The client may also consider termination of the contract pursuant to GCC Clause 23.

20. Termination for default

20.1 The client, without prejudice to any other remedy for breach of for default contract, by written notice of default sent to the service provider, may terminate this contract in whole or in part:
